

Covid-19: Symptoms at Home Flow Chart (CHILD)

SYMPTOMS:

- High temperature (above 37.8 degrees)
- A new continuous cough
- Loss of, or change to, normal taste or smell

Does my child have any of the symptoms above?

Yes

No

Child stays at Home and notify school

**CHILD MUST GET A COVID-19 TEST –
CALL NHS 119 OR
www.nhs.uk/conditions/coronavirus-covid-19/testing-and-tracing/
Child to remain at home until test results have been received**

Positive

Negative

Child stays at home, isolates for 10 days and high temperature has gone. All household members isolate for 14 days.

If child is well and temperature has gone

Child can go to school
